Join the revolution with the premium topside system from International®, delivering professional level results in an easy to use one part finish

## One UP

One Part Undercoat and Primer

### Undercoat and Primer Technology All-in-One

- Reduced system complexity for all substrates
- Delivers a smoother finish with added substrate protection
- Formulated to enhance the aesthetic appearance of Toplac Plus

### Ultimate System

- Best in class system with International one part finishes and deck paints, on all substrates
- Lower VOCs
- Easy to apply by brush and roller with excellent flow and levelling
- Easy to sand reducing the amount of time required between coats
- Available in White (YUC000) and Blue/Grey (YUC001) to enhance depth of topcoat colour

## One UP Viscosity and Mixing

1. Upon opening, this product may look and feel solid and viscous.

2. Without mixing, the product can be turned upside down and may not flow or pour from the can.

# A Revolution in Topside Paint

## Toplac Plus

Premium High Durability Yacht Gloss Finish

### Professional Quality Finish

- Enhanced UV protection for gloss and colour retention
- Exceptional gloss level
- Vibrant range of colours

### Easier to apply

- Improved flow eliminates the need for tipping when using a roller
- No sanding between coats
- Use over One UP, a one part undercoat and primer in one, to deliver the best-in-class topcoat system

3. One UP must be mixed thoroughly in order to achieve the right consistency.

4. Once mixed thoroughly, the product should flow and pour from the can and is ready to use.
